

## Business Connection Forum

28 June 2017, Brussels, Paleis der Academiën

Participate in this **cross-sectoral matchmaking event** to meet important actors active on the value chain of the **digital technologies** in scheduled **one-to-one meetings**!

Digital technologies act as key enablers in a diversity of application areas as there are: **health, mobility, energy, telecommunications, smart cities, manufacturing of the future** and many more. Companies and intermediate organizations active in technology development or in one or more of the application areas are invited to meet, exchange ideas and explore business opportunities.

The event is organised alongside the [EU-Taiwan Event on Industry of the Future](#) which takes place on **June 26 and 27 2017** in Brussels: Next to industrial seminars on Manufacturing of the Future, Circular Economy and 5G, there will be company pitches and a B2B with Taiwanese companies. In case you are interested to meet Taiwanese Industrial organizations or Companies, you can register to this event as well, taking double advantage out of your trip in Brussels! More on website ready for you [here](#)!

Take your chance and

- Register [here](#) for the EU-Taiwan Industry of the Future Event June 27
- Register at [this link](#) for B2B June 28!

Organizers:

This communication material is part of the project Silicon Europe Worldwide which has received funding from the European Union's COSME Programme (2014-2020).
